Example:

Were you sick?	Were they in the party yesterday?
Yes, I was.	Yes, they were.
No, I wasn't	No, they weren't

**Make sentences and give short answers. (Formule preguntas y haga respuestas cortas)**

**Las palabras están en desorden, debes ponerlas en el orden correcto y dependiendo del sujeto usas WAS o WERE. Ejemplo:**

- A. Ana/today/park/in the
- B. They/ sad/yesterday/very

Solución: observa. Como es Ana y Ana es “ella” debemos usar **was** para preguntar. Queda así.

- A. Was Ana in the park today? Las respuestas: Yes, she was y la negativa. No, she wasn't.

Como es they y con they usamos **were**, queda así:

- B. Were they very sad yesterday? Las respuestas: Yes, they were y la negativa. No, they weren't

Dale tú, ánimo y adelante
